Environmental Biology of Fishes **68:** 433–435, 2003.

Volume 68

Full papers

Fish assemblages and habitat in a Malaysian blackwater peat swamp by F.W.H. Beamish, R.B. Beamish & S.L.-H. Lim 1–13

Threatened fishes of the world: Zoogoneticus tequila *Webb & Miller 1998 (Goodeidae)* by M.Y. De La Vega-Salazar, E.G. Avila-Luna & C. Macías-Garcia 14

Effects of *Galaxias maculatus* on nutrient dynamics and phytoplankton biomass in a North Patagonian oligotrophic lake by M. Reissig, C.P. Queimaliños & E.G. Balseiro 15–24

Diversity and composition of freshwater fishes in river systems of Central Western Ghats, India by A. Bhat 25–38

Stock-specific growth rates of lake herring, *Coregonus artedi*, in western Lake Superior by A.B. Coffin, D.L. Pereira & G.R. Spangler 39–48

Seasonal changes in reproductive activity in the Potter's angelfish (*Centropyge potteri*) in Kaneohe Bay, Hawaii by J.T. Collier, T. Kaneko, T. Hirano & E.G. Grau 49–57

Sound production in sturgeon *Scaphirhynchus albus* and *S. platorynchus* (Acipenseridae) by C.E. Johnston & C.T. Phillips 59–64

Parasitic attachments by overwintering silver lampreys, *Ichthyomyzon unicuspis*, and chestnut lampreys, *Ichthyomyzon castaneus* by P.A. Cochran, J. Lyons & M.R. Gehl 65–71

Ontogenetic diet shifts of a Neotropical catfish, *Pimelodus maculatus* (Siluriformes, Pimelodidae): An ecomorphological approach by S.E. Lima-Junior & R. Goitein 73–79

Sound production in *Codoma ornata* (Girard) (Cyprinidae) by C.E. Johnston & S.P. Vives 81–85

Differences in swimming ability and behavior in response to high water velocities among native and nonnative fishes by D.L. Ward, A.A. Schultz & P.G. Matson 87–92

The association of physical and environmental factors with abundance and distribution patterns of groupers around Kolombangara Island, Solomon Islands by A. Sabetian 93–99

Full papers

Population dynamics and spatial distribution of coral reef fishes: comparison between continuous and isolated habitats by A. Nanami & M. Nishihira 101–112

Short-term movements of juvenile and neonate sandbar sharks, *Carcharhinus plumbeus*, on their nursery grounds in Delaware Bay by E.L. Rechisky & B.M. Wetherbee 113–128

Differences in species composition and feeding ecology of catostomid fishes in two distinct segments of the Missouri River, North Dakota, U.S.A. by T.L. Welker & D.L. Scarnecchia 129–141

Threatened fishes of the world: Chromis pelloura *Randall & Allen, 1982 (Pomacentridae)* by M. Kochzius 142

Alien fishes in natural streams: fish distribution, assemblage structure, and conservation in the Cosumnes River, California, U.S.A. by P.B. Moyle, P.K. Crain, K. Whitener & J.F. Mount 143–162

Reproductive biology of southwestern Atlantic wreckfish, *Polyprion americanus* (Teleostei: Polyprionidae) by M.B. Peres & S. Klippel 163–173

Threatened fishes of the world: Acipenser fulvescens *Rafinesque, 1817 (Acipenseridae)* by D. Peterson, P. Vecsei & D.L.G. Noakes 174

Buoyancy range, gas bladder volume, and lipid content of adult bloater, *Coregonus hoyi* Gill, in the Laurentian Great Lakes by B.J. Clemens & E.D. Stevens 175–182

Effects of habitat connectivity on the abundance and species richness of coral reef fishes: comparison of an experimental habitat established at a rocky reef flat and at a sandy sea bottom by A. Nanami & M. Nishihira 183–196

Effects of intertidal elevation on the rockpool ichthyofaunas of temperate Australia by S.P. Griffiths, R.J. West & A.R. Davis 197–204

Habitat use by nonnative rainbow trout, *Oncorhynchus mykiss*, and native Little Colorado spinedace, *Lepidomeda vittata* by A.T. Robinson, S.D. Bryan & M.G. Sweetser 205–214

Full papers

Spatiotemporal variation in shallow-water freshwater fish distribution and abundance in a large subtropical coastal lagoon by A.M. Garcia, M.B. Raseira, J.P. Vieira, K.O. Winemiller & A.M. Grimm 215–228

Timing of parturition, planktonic duration, and settlement patterns of the black rockfish, *Sebastes inermis* by G. Plaza Pastén, S. Katayama & M. Omori 229–239

Threatened fishes of the world: Fundulus julisia *Williams & Etnier, 1982 (Cyprinodontidae)* by A.B. Johnson & P.W. Bettoli 240

Mating behavior of southern stingrays, *Dasyatis americana* (Dasyatidae) by D.D. Chapman, M.J. Corcoran, G.M. Harvey, S. Malan & M.S. Shivji 241–245

The effects of periphyton, fish and fertilizer dose on biological processes affecting water quality in earthen fish ponds by A. Milstein, M.E. Azim, M.A. Wahab & M.C.J. Verdegem 247–260

Silver carp, *Hypophthalmichthys molitrix*, in the Poyang Lake belong to the Ganjiang River population rather than the Changjiang River population by Z. Wang, Q. Wu, J. Zhou, Y. Ye & J. Tong 261–267

Threatened fishes of the world: Galaxiella pusilla *(Mack 1936) (Galaxiidae)* by W.M. Koster 268

Seasonality in dietary shifts in size-structured freshwater fish assemblages in three reservoirs of Sri Lanka by W.S. Weliange & U.S. Amarasinghe 269–282

Annual variations of gonadotropin content and ovarian development of feral female catfish, *Silurus asotus*, in central China by H.S. Wen, H.R. Lin, Y.Z. Mao, L. Wang & Y.P. Zhang 283–291

The effect of gestational state on oxygen consumption and response to hypoxia in the sailfin molly, *Poecilia latipinna* by C.M. Timmerman & L.J. Chapman 293–299

Equilibrial blenniid assemblages on offshore petroleum platforms by T.J. Rauch 301–305

Alternative contexts of sex change with social control in the bucktooth parrotfish, *Sparisoma radians* by R.C. Muñoz & R.R. Warner 307–319

Maturation and reproductive biology of female wild carp, *Cyprinus carpio*, in Victoria, Australia by K.P. Sivakumaran, P. Brown, D. Stoessel & A. Giles 321–332

Full papers

A noninvasive technique for determining sex of live adult North American sturgeons by P. Vecsei, M.K. Litvak, D.L.G. Noakes, T. Rien & M. Hochleithner 333–338

Elver invasion, population structure and growth of marbled eels *Anguilla marmorata* in a tropical river on Réunion Island in the Indian Ocean by T. Robinet, S. Guyet, G. Marquet, B. Mounaix, J.-M. Olivier, K. Tsukamoto, P. Valade & E. Feunteun 339–348

Molecular evidence for introgression and loss of genetic variability in *Salmo (trutta) macrostigma* as a result of massive restocking of Apennine populations (Northern and Central Italy) by F.N. Marzano, N. Corradi, R. Papa, J. Tagliavini & G. Gandolfi 349–356

Geometric morphometric analysis of body-form variability in *Cichlasoma minckleyi*, the Cuatro Cienegas cichlid by J. Trapani 357–369

Threatened fishes of the world: Leuciscus lucumonis *Bianco, 1983 (Cyprinidae)* by P.G. Bianco & V. Ketmaier 370

The hearing sensitivity of the little skate, *Raja erinacea*: A comparison of two methods by B.M. Casper, P.S. Lobel & H.Y. Yan 371–379

Variation in habitat use by juvenile Acadian redfish, *Sebastes fasciatus* by P.J. Auster, J. Lindholm & P.C. Valentine 381–389

Threatened fishes of the world: Craterocephalus fluviatilis *McCulloch, 1913 (Atherinidae)* by B. Ebner, T. Raadik & W. Ivantsoff 390

Coral and fish biocoenosis: ecological cells gradually maturing in complexity, species composition and energy turnover by L. Fishelson 391–405

Sibling cannibalism of young red drum, *Sciaenops ocellatus*, in relation to size disparity and metabolic rates by E.Y.-Y. Chang & IC. Liao 407–415

Effects of a severe flood on the movements of Japanese fluvial sculpin by T. Natsumeda 417–424

The occurrence of white sharks, *Carcharodon carcharias*, around the Balearic Islands (western Mediterranean Sea) by G. Morey, M. Martínez, E. Massutí & J. Moranta 425–432

Volume contents 433–435

Authors index 436

Acknowledgements for refereeing 2003 437–438
